Thanks, Bert! It's certainly a huge accomplishment, and one that Douglas, Valois, and Lucita in particular deserve credit and congratulations for both in terms of their own technical/legal work as well as collaboration with a great team who all stepped up. I'm looking forward to being able to celebrate sometime, although I realize it will be awhile before we can do that together.

Thank you Bert: for my part, I can only compare it to our collective multiyear effort approving Fort Peck 1425 as first in the nation for tribal UIC primacy in 2008.

Congratulations to you and your team for getting the Dewey Burdock permits and AE completed and signed. I can't imagine how much mental energy and it took to keep at it for all these years and to resolve the waves of complications. Your steadfast leadership and support to staff have been extraordinary.
